

NORTHLAWN COMMERCIAL CAPABILITIES

A clearer commercial turf project starts with a clearer scope.

Support for property teams, contractors, hospitality operators, institutions and project partners across Hamilton.

REPRESENTATIVE APPLICATION

Property courtyard. Final system depends on traffic, substrate, drainage and maintenance requirements.

● Supply

Product and accessory planning for contractors, builders and owner-managed installations.

● Installation

Site preparation, base, drainage, turf layout, seams, edges, infill and closeout.

● Project definition

Application, traffic, access, schedule, documentation and procurement requirements.

COMMERCIAL BUDGET PLANNING

Project specific

define complete scope before comparing quotes

PROJECT FIT

Applications and questions NorthLawn can help organize.

Managed properties

Courtyards, pet relief, entrances and shared amenity spaces.

Hospitality

Patios, rooftops, event areas and customer-facing amenities.

Play environments

Schools, daycares and recreation areas requiring system-level review.

Putting amenities

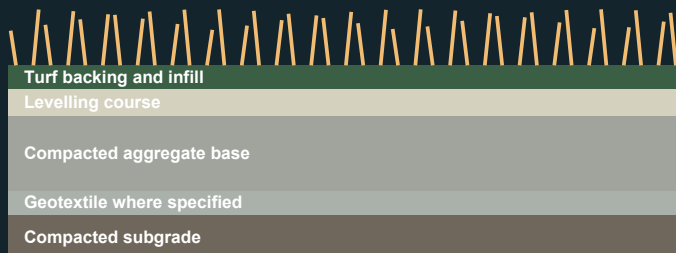

Practice greens for offices, hospitality and multifamily properties.

Trade supply

Turf, roll layout, seams, infill, accessories and delivery planning.

Specialty spaces

Indoor displays, temporary events and application-specific installations.

A COMPLETE SYSTEM

The visible turf is only one layer of the project.

Drainage, base depth, compaction, seams, edges and infill determine how the surface performs after installation.
