

RESIDENTIAL TURF OVERVIEW

Artificial turf built around your yard.

NorthLawn supplies artificial grass and installs complete residential systems across Dundas and Hamilton. Product, drainage, base, seams, edges and infill are planned together.

INSTALLED PLANNING RANGE

\$15 to \$22 / ft²

most full-system residential projects

● **Choose by use**

Landscape, pet, putting and play surfaces have different priorities.

● **Plan the base**

Excavation, aggregate, compaction and drainage protect the finished surface.

● **Compare complete quotes**

Confirm product, base, disposal, seams, edges, infill and restoration.

A COMPLETE SYSTEM

The visible turf is only one layer of the project.

Drainage, base depth, compaction, seams, edges and infill determine how the surface performs after installation.

Representative image. Planning ranges exclude HST and require site review.
